

Preferred Partner: identiMetrics

VeriTime Partners with *identiMetrics*

If you're going to pay employees correctly, you have to be able to accurately capture employee work time. That means giving your employees an easy and effective way to sign in and out of their work day, while giving you the security of knowing that only the employee has the ability to sign themselves in and out.

That's why **VeriTime** has partnered with **identiMetrics**, the leading biometrics provider in K-12 education, to provide you with a fast, easy-to-use and secure way for your employees to identify themselves at the VeriTime kiosk.

Why use identiMetrics Fingerprint Scanners with VeriTime?

- Provide your employees with a **fast, secure and reliable way** to sign in to and out of VeriTime via the kiosk in seconds
- Ensure only the employee can sign themselves in and out, giving administrators **confidence of accurate time capture**
- **Eliminate the issue** of lost cards and forgotten PINs

About identiMetrics

identiMetrics is the leader in finger-scanning technology for K-12 education. The identiMetrics Finger Scanning ID System™ is a powerful biometric ID system that uses finger scanning technology to provide indisputable proof of identification. It eliminates the need for ID cards and PIN numbers allowing school districts to run more efficiently.

identiMetrics does not store any fingerprints. Fingerprints cannot be recreated from the encrypted numerical templates, and employee accounts cannot be compromised.

To contact **identiMetrics**, please call **215.836.5640 x101** or visit www.identimetrics.net.

To learn more about **VeriTime**, please call **1.866.574.9169** or visit www.FrontlineK12.com.
